Imagine that you are preparing a project with your friend. You have found some interesting material for the presentation and you want to read this text to your friend. You have 2 minutes to read the text silently, then be ready to read it out loud. You will not have more than 2 minutes to read it.

Everybody wants to be healthy and enjoy a happy life. To achieve that goal, there are several things to be considered. A healthy diet is important for a healthy lifestyle. No one food has all the elements that the body needs to work well, so we should eat different kinds of foods. Food should be fresh and include lots of fruit and vegetables. Drinking plenty of water is very important as it helps keep a steady body temperature and keeps the body clean. Regular exercise makes the body stronger and keeps it young and flexible. To stay healthy, you also need getting enough sleep. In most cases, "enough" means between 8 and 12 hours each night. You should also try to be safe. It is foolish to take unnecessary risks. Being friendly, polite, and nice to people can also mean you are in good health.
