1. What should the main New Year tree of the country look like?
2. What is one of the legends of the Christmas tree?
3. What are the advantages of artificial Christmas trees?
4. What rules did people follow in the past when decorating the Christmas tree?
5. Who changed the date of New Year's Day in his country?
6. How did the technological progress change Christmas decorations?
7. How did the tradition of decorating the tree with coloured glass balls start?

A. Why do people decorate Christmas trees at home? There are several stories about the start of the tradition. One of them is about Martin Luther, the founder of the protestant faith. While he was walking through a forest on a Christmas Eve, he looked up and was impressed by the beauty of the stars that were shining through the tree branches. He cut down a small tree and took it home. There, he decorated the tree with candles as a present for his family.

B. The tradition of decorating a Christmas tree comes from Germany. Until the 17th century, people decorated their Christmas tree in a certain order. Firstly, a star was fixed on the top. Then people hung apples on lower branches of the tree. Finally, they placed biscuits, gingerbread and sweets underneath. The Christmas tree in the fairy tale Nutcracker was decorated in exactly this way.

C. The Christmas tree tradition came to Russia with Peter the Great in the 18th century. He enjoyed the celebration tradition in Germany and issued a law according to which all families had to decorate their houses with pine tree branches. It also announced that people should have fun on that day. Peter the Great also decided to move New Year's celebration from 1st September to 1st January.

D. The most popular Christmas decoration was invented by a German glass-blower. He made a ball and decorated it with angel figures and snowflakes. The man gave it as a gift to his daughter. The girl decided to put the ball on the Christmas tree. It was so beautiful that the glass-blower made many more decorated balls and sold them. Now people all over the world choose to decorate their Christmas trees in this way.

E. In the 18th century, people started decorating Christmas trees with candles. Later, with the discovery of electricity, electric lights were put on Christmas trees. It was Edward Johnson, an assistant of Thomas Edison, who first used electric lights for Christmas tree decoration. People liked his idea. However, it took several years before the electric lights became available to the general public.

F. Nowadays, Christmas trees are found everywhere – in houses, on the streets and squares. Most of them are artificial trees. However, in the centre of Moscow, in the Kremlin, you can always see a natural Christmas tree. The most important tree of the country is carefully chosen in the forest – it should be tall and beautiful. Professional designers decorate it to create an unforgettable fairytale tree for thousands of children and their parents.

**Hershey's chocolate**

People from all over the world like the taste of chocolate. It's the most popular dessert and snack. You may like dark or light chocolate, you may prefer it plain or with nuts, but whatever your tastes are, you will certainly enjoy the chocolate produced by the Hershey Company. Hershey chocolate became famous all over the world thanks to a quiet but very hard-working and generous person – Milton Hershey, the founder of the company.

Milton Hershey grew up in Pennsylvania, USA. His mother wanted him to learn practical skills. She believed practice is more important than college education. So when Milton finished the fourth grade, she arranged for him to become a printer's assistant. But Milton didn't like the job and left it soon after. In a while he became an assistant in a candy factory. He helped to make candy and became very successful at it.

After a few years of training, Milton understood that he wanted to start his own business. He bought the equipment and started the Lancaster Caramel Company. Success soon followed. Within a few years, Milton Hershey had a growing business and was selling his caramels all over the country. At that time he became focused on milk chocolate, which in those days was an expensive dessert imported from Switzerland. Milton Hershey was determined to find a new formula for the product that could allow him to manufacture milk chocolate in large amounts and sell it countrywide. He succeeded in making a new recipe.

So, in 1900 Milton Hershey sold his caramel company and started up a chocolate factory. In fact it was more than a factory. Milton Hershey built a whole town around the factory – with houses, schools, churches, and stores. He wanted the people who worked in his factory to live nearby and feel comfortable. The factory was focused on producing the Nickel Bar, a relatively cheap chocolate bar that everyone could afford. Later, Hershey Kisses were added. These delicious, bite-sized pieces of chocolate were named after Milton Hershey himself.

As success and profits rose, Milton Hershey invested more money in the infrastructure of his town and added a sports arena, a stadium, and a school for orphaned children. Milton Hershey died in Hershey, Pennsylvania, in 1945, one year after his retirement as chairman of the board. He was 88 years old. By the end of his life Hershey had donated most of his money to his town and the school for orphans.

His chocolate factory remains the largest in the world. The town of Hershey is still home to about 12,000 people and draws more than 30 million visitors each year. They come to see the famous Hershey Park, which boasts a roller coaster, Ferris wheel and other rides. The factory tours draw more visitors annually than the White House. Guests can take a tour through a mock chocolate factory that includes a ride through a simulated roasting oven, and eating samples of Hershey chocolate.
