Samantha's First Time at Summer Camp

Samantha had always spent her summers in the city, playing with her friends and visiting amusement parks. However, this year her parents decided to send her to a summer camp in the mountains. She was nervous at first because she had never been away from home for so long. When she arrived at the camp, she was surprised by how many activities were planned. Every morning, they had outdoor games, swimming lessons, and team-building exercises. In the afternoons, they could choose between arts and crafts, hiking, or sports. Samantha decided to try hiking, even though she had never done it before.

The first hike was difficult. The trail was steep, and Samantha felt tired quickly. But her camp leader encouraged her, and soon she started to enjoy the fresh air and the beautiful scenery. By the end of the hike, she felt proud of herself for not giving up.

One night, the camp counselors organized a special event: a night walk through the forest. Everyone carried flashlights, and the guides told them about the different animals that lived in the area. Samantha had never seen so many stars in the sky before, and she felt amazed by the beauty of nature.

At the end of the two weeks, Samantha didn't want to leave. She had made new friends, learned new skills, and discovered that she loved outdoor adventures. She promised herself that she would come back next year.

A. Why was Samantha nervous before going to camp?

1. She didn't like outdoor activities.

2. She had never been away from home for so long.
3. She didn't have any friends at camp.
4. She was afraid of swimming.

B. What activity did Samantha try for the first time?

1. Playing volleyball.
2. Swimming in a river.
3. Hiking in the mountains.
4. Painting.

C. What did Samantha see during the night walk?

1. A large waterfall.
2. A group of fireflies.
3. A bright starry sky.
4. A bear in the forest.

D. How did Samantha feel at the end of camp?

1. Sad and lonely.
2. Excited to go home.
3. Happy and confident.
4. Tired and bored.

A School Science Project

Last week, my class had a special science project. We had to work in groups to build a model of a volcano. It was an _____ (A. EXCITE) project because we used real chemicals to make the volcano «erupt.» First, we made the volcano shape out of clay. It was a bit difficult because the clay was very _____ (B. HARD) to mold. Then, we painted the volcano to make it look more _____ (C. REAL).

When everything was ready, our teacher gave us baking soda and vinegar to create an eruption. The reaction was very _____ (D. AMAZE), and everyone cheered when the «lava» started bubbling.

At the end of the lesson, our teacher said it was one of the _____ (E. SUCCESS) projects of the year.

Subject: Weekend Activities

Hi Jake,

Thanks for your email! Your picnic sounds fun. On weekends, I usually meet my friends, play football, or watch movies. If the weather is nice, I enjoy going for a walk in the park.

Yes, I love spending time outdoors! Sometimes my family and I go hiking or have barbecues in the countryside.

The most exciting weekend I had was last summer when we went to an amusement park. I tried the biggest roller coaster for the first time, and it was amazing!

Do you prefer summer or winter outdoor activities? Looking forward to your reply!

Best,
