Hello Dad, it's Helen. I'm at the railway station now. After school today we had two lessons — History and English. The History lesson was interesting because we spoke about kings and queens of England. In English we read a story about a boy who travelled to London. After school I went to the bookshop with my friend Anna. She bought a detective story, and I bought a book about the history of London. We spent about half an hour there.

Now I am waiting for the train. It will come in ten minutes. When I get home, I want to do my English homework because tomorrow we have a test. I must also finish my Science project about volcanoes. Please tell Mum that I'll be home by 6:30. After dinner I will help her wash the dishes. If I have time, I would also like to watch a film. See you soon!

Hello Mum, it's Mark. I'm calling from the sports centre. Today after school we had two lessons — Geography and Maths. In Geography we spoke about different countries and their capitals, and in Maths we solved some difficult problems. After lessons I went to the sports centre with my classmate Paul. We played basketball for an hour, and then we swam in the pool. The water was very cold, but it was fun.

Now I am sitting in the café near the sports centre. I am drinking juice and eating a sandwich. Paul is buying some fruit to take home to his little sister. In twenty minutes I will go home by bus. Please tell Dad that I will be home by 7 o'clock. After dinner I will help him fix the shelf in the kitchen, and later I want to read my new comic book. Tomorrow morning we have an English test, so I must prepare for it tonight.

Hello Dad, it's Anna. I'm at the bus stop now. Today was a long day at school. In the morning we had a Literature lesson, where we read a new story, and after that we had a PE lesson in the gym. I ran faster than last time, and my teacher said I was doing well. After school I went to the library with my friend Kate. She borrowed a book about animals, and I found an interesting book about space and planets.

Now I am waiting for the bus. It should arrive in fifteen minutes. When I get home, I want to do my homework in Science and History. Please tell Mum that I will be home by 6:45. After dinner I will help her water the flowers in the garden. Tomorrow morning we are going on a school trip to the museum, so I must prepare my backpack tonight.

Hello Mum, it's Daniel. I'm calling from the shopping centre. Today after school we had two lessons — Science and English. In Science we learned about electricity and made a small experiment with a light bulb. In English we read a text about British traditions. After lessons I went shopping with my friend Nick. He bought a T-shirt, and I bought a new backpack for school. We also looked at some sports shoes, but they were too expensive.

Now we are in the café on the second floor. I'm drinking hot chocolate, and Nick is eating a piece of cake. In thirty minutes I will take the bus home. Please tell Dad that I will be back by 7:15. After dinner I want to finish my History homework, because tomorrow we have a test. Then I will help you clean the kitchen. See you soon!

In Maths we worked with fractions, which was not easy. After school I went to the library with my friend Lisa. She borrowed a book about history, and I borrowed two books about space and the stars.

Now I am waiting for Lisa because she is still choosing another book.

When I get home, I want to do my homework in English. Tomorrow we will have a class discussion about a story we read, so I must prepare well.
